Dear Mr Tiano,

**MARINE (SCOTLAND) ACT 2010, PART 4 MARINE LICENSING
MARINE AND COASTAL ACCESS ACT 2009, PART 4 MARINE LICENSING**

Seagreen Phase 1 OFTO Project Limited – Seagreen Offshore Transmission Asset –
Seagreen Alpha and Bravo Offshore Wind Farms, Firth of Forth

I refer to the application received 07 February 2025 from Seagreen Wind Energy Limited, and the accompanying letter dated 28 January 2025 from yourself, requesting a variation to marine licence MS-00010726, to transfer the offshore transmission asset marine licence to Seagreen Phase 1 OFTO Project Limited.

I am pleased to inform you that Marine Directorate – Licensing Operations Team (MD-LOT), acting on behalf of the Scottish Ministers, has determined the marine licence application and granted you the enclosed marine licence MS-00011121. You are advised to carefully check the licence, and if you notice any errors please inform MD-LOT immediately.

Please note that this licence supersedes the previous marine licence number MS-00010726. Should you proceed to undertake the Licensed Activity under the authority of this licence, the licensed activity authorised under the previous marine licence is not permitted.

May I also draw your attention to the marine licence conditions relating to amendment of the licence. If circumstances arise which necessitate changes or extension to your licence please apply for a variation as soon as possible. After a marine licence has expired, it cannot be amended or extended. Our target determination period for a marine licence, including any variations, is 14 weeks from receiving the request and the application fee payment.

All correspondence or communications relating to this letter or the licence document should be sent to the email address above.

Yours sincerely,

Kate Taylor
Marine Directorate - Licensing Operations Team
