- Notes
1. This drawing shall be read in conjunction with all parts of the Works Information.
 2. Works shall be executed in accordance with the Specification and as set out in the Works Information.
 3. The Contractor shall verify all dimensions, elevations, coordinates, and site conditions prior to execution. The Project Manager shall be notified immediately of any discrepancies encountered during execution.
 4. All dimensions are in millimetres (mm) unless noted otherwise.
 5. Levels are in metres relative to Chart Datum (CD) unless otherwise noted.
 6. The drawing shall not be scaled. FOLLOW WRITTEN DIMENSIONS ONLY.
 7. Details of existing structures and services have been taken from available record drawings and may not be complete in every detail. Details to be confirmed by the Contractor.
 8. Dimensions marked with an asterisk (*) shall be confirmed on site by the Contractor.
 9. Access for harbour operations shall be maintained at all times. Harbour operations shall not be disrupted by the Contractor.
 10. The Contractor is responsible for the temporary and permanent stability of the Works and adjacent structures during construction and shall implement necessary supports, monitor regularly, and address stability issues immediately.
 11. Refer to the Site Information for tidal conditions and levels anticipated at Tarbert. The Contractor shall be responsible for determining the tidal conditions affecting the works and planning their works accordingly. Actual water levels can vary substantially due to meteorological conditions and other effects.
 12. The Contractor shall be responsible for maintaining the seabed free of debris and obstructions within the working areas.
