ERECT A SEAWALL AND RECLAIM LAND

Atlantis Lodges, (land near), Finstown, Orkney, KW17 2EH

Aerial view of the site, pre development, the five Atlantis Lodges on the left, note the accretion of material to the east of the existing seawall and the shadow indicating the natural cliff line.

Pre development view of the site from the south east. A965 public roadway on the left. Road drainage 'offlets' in the foreground leading to a wide swale like verge.

Pre development view of the site from the west. A965 roadway edge marking on the right.

Natural shore profile immediately to the east of the proposed termination of the terraced stonework against the vertical bedrock cliff. Note the exposed bedrock backshore and near horizontal bedding
