## 2.5 Contractor and Vessel Details

### **3. PART 3 – CONDITIONS**

#### **3.1 General Conditions**

3.1.1 The Licensee must only deposit and use the explosive substance or article listed in Part 2 of the licence in accordance with the licence, the application and any plans or programmes approved by the Licensing Authority unless otherwise authorised by the Licensing Authority.

3.1.2 The Licensee must ensure that the Licensed Activity is carried out in strict accordance with the Moray Offshore Windfarm (West) Limited Construction UXO Clearance Environmental Report (document reference: 8460005-DG0207-MWW-REP-000009) Revision 3 dated 27 March 2024 and the Moray Offshore Windfarm (West) Limited Construction UXO Clearance European Protected Species Risk Assessment (document reference: 8460005-DG0207-MWW-REP-000010) Revision 3 dated 27 March 2024, but subject to the conditions of this licence.

3.1.3 Only the Substances or Articles listed in Part 2 of the licence may be used during the execution of the Licensed Activity.

3.1.4 Where possible the Licensee must remove all equipment used during the execution of the Licensed Activity from the sea and dispose of them at an approved location above the tidal level of Mean High Water Springs.

3.1.5 In the event of any breach of health and safety or environmental obligations relating to the Licensed Activity during the period of the licence, the Licensee must provide written notification of the nature and timing of the incident to the Licensing Authority within 24 hours of the incident occurring. Confirmation of remedial measures taken and/or to be taken to rectify the breach must be provided, in writing, to the Licensing Authority within a period of time to be agreed by the Licensing Authority.

3.1.6 The Licensee must ensure all masters of vessels or vehicle operators, agents, contractors and sub-contractors permitted to engage in the Licensed Activity must abide by the conditions of this licence.

3.1.7 Except where it is not relevant to the provisions of this licence, the Licensee must ensure that the Scottish Marine Wildlife Watching Code is adhered to at all times.

3.1.8 The Licensee must complete and submit a Close-out Report for the licensable marine activities that produced loud, low to medium frequency (10Hz-10kHz) impulsive noise in the online Marine Noise Registry at 6 month intervals during the validity of the licence.

3.1.9 The Licensee must ensure that the Licensed Activity is only carried out at the location of the Licensed Activity specified in Part 2 of the licence.

3.1.10 The Licensee must, where any information upon which the granting of this licence was based has, after the granting of this licence altered in any material respect, notify the Licensing Authority of this fact, in writing, as soon as reasonably practicable.

#### **3.2 Prior to the commencement of the Licensed Activity**

3.2.1 The Licensee must complete and submit a proposed activity form in the online Marine Noise Registry for all Licensed Activities that will produce loud, low to medium frequency (10Hz-10kHz) impulsive noise no later than seven days prior to Commencement of the Licensed Activity. If any aspects of the Licensed Activity differ from the proposed activity form in the online Marine Noise Registry, the Licensee must complete and submit a new proposed activity form no later than seven days prior to Commencement of the Licensed Activity.

3.2.2 The Licensee must provide the name and function of any agent, contractor or sub-contractor appointed to undertake the Licensed Activities, as soon as is reasonably practicable prior to the Licensed Activities commencing.

3.2.3 The Licensee must issue local notification to marine users – including fisherman’s organisations, neighbouring port authorities and other local stakeholders – to ensure that they are made fully aware of the Licensed Activity. This must be issued at least 5 days before the commencement of the works. The Licensing Authority must be receive a copy of the notification within 24 hours of issue.

3.2.4 The Licensee must ensure that HM Coastguard (in this case zone2@hmcg.gov.uk and zone3@hmcg.gov.uk ) is notified at least 7 days prior to the Commencement of the Licensed Activity. Such notification must include emergency contact information for the vessel and the expected timescales of the operation. The Licensing Authority must be sent a copy of the notification within 5 days of issue. Verbal communication should be made directly with the HM Coastguard at the Commencement of the Licensed Activity and again to notify the Completion of the Licensed Activity. This can be established either by using the appropriate radio channels/frequencies or via telephone.

3.2.5 The Licensee must notify The Source Data Receipt team, UK Hydrographic Office (email: sdr@ukho.gov.uk) at least 10 days prior to the Commencement of the Licensed Activity to permit the promulgation of maritime safety information and updating of nautical charts and publications through the national Notice to Mariners system. Such notification must include the start and end date of the Licensed Activity, a description of the works, position of the works area and details of any marking arrangements. A copy of the notification must be sent to the Licensing Authority within 5 working days of the notification being sent.

3.2.6 The Licensee must ensure that the commencement and completion of any UXO campaign is accompanied by the promulgation of a Notice to Mariners and Kingfisher Safety Bulletin informing of the scope and timeframe of the works.

### 3.3 During the Licensed Activity

3.3.1 Only those persons acting on behalf of, and authorised by, the agent or the Licensee shall undertake the Licensed Activity.

3.3.2 The Licensee must ensure that any debris or waste materials arising during the course of the Licensed Activity are removed for disposal at an approved location above the tidal level of Mean High Water Springs.

3.3.3 The Licensee must ensure that copies of the licence are available for inspection by any authorised Enforcement Officer at:

- a) the premises of the Licensee;
- b) the premises of any agent acting on behalf of the Licensee; and
- c) the site of the Licensee

3.3.4 The Licensee must ensure that a copy of the licence is given to each contractor and sub-contractor employed to undertake the Licensed Activity.

3.3.5 The Licensee must ensure the best method of practice is used to minimise re-suspension of sediment during the Licensed Activity.

3.3.6 The Licensee must ensure appropriate steps are taken to minimise damage to the seabed by the Licensed Activity.

3.3.7 Any person authorised by the Licensing Authority must be permitted to inspect the site at any reasonable time.

3.3.8 The Licensee is not permitted to undertake the Licensed Activity using high order detonation techniques.

### 3.4 Upon Completion of the Licensed Activity

3.4.1 The Licensee must complete and submit a Close-out Report for the licensable marine activities that produced loud, low to medium frequency (10Hz-10kHz) impulsive noise in the online Marine Noise Registry no later than 12 weeks from the Completion of the Licensed Activity.

3.4.2 The Licensee must submit a written report regarding the deposit and use of the licensed substances and/or articles to the Licensing Authority no later than 28 days following the Completion. The report must confirm the nature and quantity of all objects cleared, removed or disposed of during the Licensed Activities and the date and location of each UXO that has been neutralised. The report must also include the details of the amount and type of deflagration substance or article utilised for the UXO.

3.4.3 The Licensee must undertake an 'As-Left' survey following the use of clearance techniques on UXO to confirm if the targets have been completely disrupted, disintegrated and neutralised.

3.4.4 The Licensee must ensure the seabed is returned to the original profile, or as close as reasonably practicable, following the Completion of the Licensed Activity.

3.4.5 The Licensee must provide the Licensing Authority with the Marine Mammal Observers' records no later than 28 days following Completion of the Licensed Activity.

3.4.6 If a new licence is required, the Licensee must make an application at least fourteen weeks before the expiry date of the licence. This licence shall not continue in force after the expiry date of 31 July 2025.

## **NOTES**

1. You are deemed to have satisfied yourself that there are no barriers, legal or otherwise, to the carrying out of the licensed activity. The issue of the licence does not absolve the licensee from obtaining such authorisations, consents etc which may be required under any other legislation.
2. In the event that the licensee wishes any of the particulars set down in the Schedule to be altered, the licensing authority must be immediately notified of the alterations. It should be noted that changes can invalidate a licence, and that an application for a new licence may be necessary.
